NRC Collects Donations for Hurricane Sandy Victims

FSCS Bulletin Board

Looking for updates on what's happening around NRC? Check out the new Full Service Community School bulletin board located in the main hall next to the main office. Look at pictures of recent school events and learn about the upcoming programs we are planning.

Relay for Life

NRC is collecting change for the American Cancer Society's Relay for Life in Clifton, NJ. Physical Education teacher Mrs. Vogel, who is a team captain for the event, is heading up this fundraiser. Students/staff can deposit their donations in the cans located in each homeroom teachers' classroom, main office and/or security desk.

COMPUTER DONATION

This month, NRC received a generous donation of 3 refurbished computer and printer systems from Newtech Recycling Inc. and Village Office Supply. This donation puts us one step closer to our goal of launching a Parent Resource Room at which community members and students can use computers during scheduled open hours.

In efforts to teach parents how to effectively use computers for professional development purposes and to learn how to navigate the school and district websites, we will be offering a Computer Basics Workshop for Parents!

TEACHERS - PLEASE REMIND PARENTS TO SIGN UP FOR:

The Head Room Parent Coordinator

(HRPC) will serve as the primary contact to the school administration, the teacher, and parents for all Paterson related communication. Only one person serves as this primary contact, in order to avoid confusion or overlap. Establishes and maintains an up-to-date emergency phone tree throughout the school year. The HRPC will activate this chain in the event of unscheduled early dismissals due to weather or emergencies.

Classroom Parents (CP) - All classes will have Classroom Parents. Classroom parents volunteer their time to assist HRPCs with classroom activities (if needed) and PTO events.
